ABOUT ME

Software Developer with expertise in Full Stack Development, Frontend Engineering, and AI-powered web applications. Proficient in Next.js, React.js, Node.js, Express.js, MongoDB, TypeScript, and Strapi CMS, with experience building scalable, production-ready applications. Skilled in REST API development, CMS integration, payment gateway implementation, SEO optimization, cloud deployment, and responsive user interface design. Experienced in AI integration, Large Language Models (LLMs), OpenAI APIs, prompt engineering, chatbot development, Retrieval-Augmented Generation (RAG), workflow automation, and intelligent business solutions. Strong track record of delivering high-performance applications across corporate, enterprise, and e-commerce domains. Awarded Best Performer at Progbiz Private Limited for exceptional technical contribution and project execution.

PROFESSIONAL EXPERIENCE

Software Developer

Sep 2025 – Present

ProgbizPrivateLimited • Kannur, Kerala — On-site

Full Stack | Frontend-Focused

Responsibilities:

- Develop and maintain web applications using Next.js, React.js, Node.js, Express.js, and MongoDB.
- Build responsive, user-friendly interfaces focused on performance and user experience.
- Integrate REST APIs, third-party services, and Strapi CMS for content-driven websites.
- Optimize application performance, SEO, accessibility, and scalability across client projects.
- Collaborate with designers and developers; participate in code reviews, testing, and deployment.
- Implement best practices for clean code, maintainability, and security.

Key Contributions:

- Developed CMS-driven business websites using Next.js and Strapi CMS.
- Improved website performance, visual appearance, and lead generation across multiple client sites.
- Delivered responsive, SEO-friendly applications from development through production deployment.
- Contributed to multiple client projects end-to-end, meeting quality and timeline expectations.

Technologies: Next.js, React.js, JavaScript, TypeScript, Node.js, Express.js, MongoDB, Strapi CMS, Tailwind CSS, SCSS, GSAP, Git, REST APIs.

Full Stack Developer

Jul 2025 – Sep 2025

KeralaDigitalParkLLP • Remote

MERN Stack Development

Responsibilities:

- Developed full-stack web applications using MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Built frontend components using React.js and modern JavaScript practices.
- Designed and implemented backend APIs with Node.js and Express.js.
- Collaborated in an agile team; participated in code reviews, debugging, and feature delivery.

Key Achievements:

- Gained hands-on experience on production-level full-stack projects.
- Strengthened expertise across the MERN Stack in a collaborative remote environment.
- Improved problem-solving, debugging, and software architecture skills.

Technologies: MongoDB, Express.js, React.js, Node.js, JavaScript, Git, REST APIs, HTML, CSS, Agile.

FEATURED PROJECTS

— Professional & Client Projects

Progbiz – Corporate Website

2026

Stack:Next.js,React.js,StrapiCMS,SCSS, JavaScript, REST API, Vercel, SEO | [progbiz.io](#)

- Developed a fast, SEO-friendly corporate website using Next.js with server-side rendering.
- Integrated Strapi CMS enabling non-technical teams to manage and update content independently.
- Optimized Core Web Vitals and page performance, improving search rankings and lead generation.
- Created reusable, scalable frontend components and integrated REST APIs between Next.js and Strapi.

Wabcom Dubai – Business Website2026

Stack:Next.js,React.js,StrapiCMS,TailwindCSS, GSAP, JavaScript, REST API, SEO | [wabcomdubai.com](#)

- Developed a fully responsive business website for a Dubai-based Tally solutions provider.
- Implemented advanced animations using GSAP, enhancing user engagement and interactivity.
- Built dynamic content management with Strapi CMS and integrated API-driven content rendering.
- Optimized website structure for SEO and built reusable UI components with Tailwind CSS.

Blue Link Printing – Enterprise Platform2025

Stack:Node.js,Express.js,MongoDB,React.js,Redux Toolkit, Tailwind CSS, JWT, AWS S3, PaymentGateway | [bluelinkprinting.com](#)

- Contributed to backend and admin panel development for an enterprise printing management platform.
- Developed backend APIs with Node.js/Express.js and secure JWT-based authentication & authorization.
- Designed MongoDB database structures and integrated AWS S3 for file and media storage.
- Integrated payment gateway and built responsive admin panel interfaces using React.js and Redux Toolkit.

B Perfume – E-Commerce Store2026

Stack:Shopify,Liquid,JavaScript,HTML5,CSS3,PaymentGateway,ShopifyApps | [bperfume.in](#)

- Integrated secure online payment systems for a Shopify-based perfume e-commerce store.
- Improved checkout experience and transaction flow for seamless customer purchases.
- Configured Shopify store settings, payment providers, and e-commerce functionality enhancements.
- Ensured responsive design and consistent user experience across all devices.

Fix & Go Tyres – UI Redesign & SEO2026

Stack:HTML5,CSS3,Bootstrap,JavaScript,SEO Optimization, Performance Optimization | [fixandgotyres.ae](#)

- Redesigned approximately 70% of the website UI, improving visual appeal and usability.
- Enhanced website structure and technical SEO for better search engine rankings.
- Improved page speed, mobile responsiveness, and overall user experience across all devices.

— Personal Projects

HireHub – Networking & Job Portal2024 - 2025

Stack:React.js,TypeScript,Node.js,Express.js, MongoDB, JWT, AWS, AWS S3, Vercel, Socket.IO, TailwindCSS

- Built a LinkedIn-style job portal with posts, likes, comments, connections, and real-time chat via Socket.IO.
- Implemented JWT authentication, role-based authorization, AWS S3 media storage, and Vercel deployment.
- Designed scalable MongoDB models supporting CRUD operations and dynamic job search filtering.

TECHNICAL SKILLS

Frontend	React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Redux Toolkit
Backend	Node.js, Express.js, REST APIs, JWT Authentication, Authorization Systems
Database	MongoDB, PostgreSQL
CMS	Strapi CMS
E-Commerce	Shopify, Liquid, Shopify Apps
Animations	GSAP
Cloud & DevOps	AWS (EC2), Amazon S3, Vercel, Cloudinary, Git, GitHub
Payments	Stripe, Razorpay, Payment Gateway Integration
Tools	Postman, VS Code, Firebase
Practices	Clean Architecture, Responsive Design, SEO, Performance Optimization, Agile, Code Reviews
